Summary

Webflow and full-stack developer since 2024. At Amply (Webflow agency, Utah, US), leads projects from Figma to launch as the client's development contact.

Skills

Platforms: Webflow, Sanity · **Front-end:** HTML, CSS, JavaScript, Astro, Nuxt.js · **Practices:** technical SEO, web performance, CMS modeling

Experience

Amply

Feb 2026 – Present

Webflow Developer

- Lead the technical side of assigned projects: audit the Figma files, define the solution and build approach and, with a team, assign tasks and run weekly alignment.
- Migrated a US AI-for-insurance platform from WordPress to Webflow: 240+ pages and 200+ CMS items modeled across 6 collections.
- Built a US employer health-benefit site: audience pages, CMS content; Lighthouse 91 (desktop), SEO 100.
- Developed 32 pages and 3 CMS collections for a US generative-AI cost-control company.

RMD Soluções Digitais

Nov 2024 – Nov 2025

Webflow Developer

- Built small and mid-size Webflow sites for fintech, health, AI and culture: up to 3 languages, calculators, GSAP.
- Largest project: a portal for a Brazilian agribusiness memorial and cultural center, with 700+ pages and 700+ CMS items across 7 collections.
- Co-created the agency's processes and development framework with the founder.

Projects

weslleycabral.com

Astro portfolio · 2026 · Simulated client editing, component inspector, performance report.
